## Objective

Highly motivated and hardworking software engineer fresher with a strong academic background and a passion for learning new technologies. Seeking a challenging role in a reputable organization where I can apply my skills and knowledge to solve real-world problems and make a significant contribution to the team.

## Experiences & Training

**HiGlance Laboratories Pvt Ltd**  
( June 2018 – July 2018)

I have gained essential knowledge of electronics devices and systems used in industrial manufacturing plants, equipping me for a successful and rewarding career in this field.

**Xpia Electronics Pvt Ltd**  
( July 2019 – Dec 2019)

R&D Engineer with proven expertise in CCTV and security product testing and reporting. Extensive knowledge of DVRs, NVRs, and new cameras. Confident that my skills and experience will be instrumental to the success of any company I work for.
